For Under 10's

## Three Wise Men

Remember the Nativity Scene we delivered in the Advent envelope? You'll notice that your scene was missing the Wise Men because they didn't actually arrive until Jesus was a toddler! So below are the wise Men to cut out, colour and add to your nativity scene for Epiphany.

You could make yourself some more Wise Men from cardboard tubes (either kitchen or toilet roll tubes) and any bits and bobs you have at home. Like in the pictures below!

Place the cut out template onto the edge of your paper and fold up the paper in a concertina like here.....

Next, cut out around your template not forgetting to cut out between the arms!

Open up your paper chain wise men and begin to decorate them. You can trim around their hair to make them all look different!

Decorate your wise men and even make some crowns to add!
